

What's Developing

Eureka Community Development Company is hosting two community events in the near future and invites everyone to take part in both.

On Saturday, November 22 there will be a Job Fair at the school multipurpose room from 10:00-4:00. Employers who plan to be there are Avera Eureka Health Care Center, PIC, and Eureka Community Health Services. Others may be there also, but had not definitely committed when this was written. There is still space available for businesses who would like to be there. Tables and chairs will be provided. There is no charge for businesses or attendees. Contact the Eureka Development office to reserve a space.

Laurie LaCoursiere, who is an expert in resumes and has 13 years of experience in that area, will be available from 10:00-12:00 to help people write or update their resumes. She is volunteering her time and expertise at that time to help anyone who would like to meet with her.

People who are looking for a job are invited to visit with the businesses that are represented that day.

The second event that will be hosted by Eureka Development is Customer Service training on Monday, December 1 at the Senior Center at 7:00 P.M. The speaker will be hometown and nationally known V.J. Smith. He presents a strong message that will apply to all who attend. Anyone who has heard him speak before knows that it will be a fun evening. There will be no charge to any who attend and refreshments will be served.

Anyone who has interaction with others – businesses, organizations, events – is encouraged to attend. Attendance is not limited and any who would like to attend a great evening is cordially invited.
