

WHAT'S DEVELOPING

The Community Action session held on the night of the Eureka Community Development Company annual meeting identified three areas that should be pursued. People were invited to sign up for areas in which they would like to be involved.

Holly Hoffman met with the first group in April and through her facilitation skills the broad topic of "Recruit" was narrowed down to a manageable number of goals set through Action Planning. The core group of Jaci Eberhart, Judy Dohn, and Barry Lapp will meet to work on the goals that were set and will begin the legwork that will be necessary.

The first main goal will be contacting local businesses to find out workforce needs, and once those are identified they will work on a plan to help find the employees that are needed.

The second topic of "Involvement" will be a facilitated meeting on Thursday, May 25 to narrow down that area and set attainable goals. Those who signed up for that group have been notified and other interested people are welcome to join the group.

The third topic of "The Golden Rule" will be held at a date yet to be determined in June.
