

What's Developing

Attorney Austin Hoffman from Hoffman Law Office will present a seminar entitled "Estate Planning – Wills and Trusts" on Sunday, January 8 at 2:00 PM at the Information Center. This is being sponsored by the Eureka Community Development Company and will be free to anyone who would like to attend.

Hoffman stated that wills and trusts have been the two most asked about topics. He will present information that people can do on their own, and talk about other areas that should be done with an attorney.

If the seminar is well-attended, future seminars on other topics will be sponsored by ECDC and presented by Austin Hoffman.
